WYBC, New Haven.

Dear Sir:

This letter is a request for information. I understand that your station receives records from several recording companies. WHRB is naturally interested in also establishing contacts with these companies. Therefore I would appreciate it if you would inform me of your present set-up, how you got it, how it works and so forth.

Incidentally we heard a lot about your station when we were up at WCSR this week-end. You seem to have made quite a favorable impression. Many thanks again for any information you may be able to send me. Merry Christmas and Happy New Year.

Yours truly,

John Bok
